Information about this Excerpt from the Register

This excerpt contains information about authorisation to carry out electrical installation work, as outlined in the National Electrical Safety Board's register.

An authorisation may be withdrawn or restricted at the discretion of the National Electrical Safety Board, according to Section 44 of the National Electrical Safety Act of Sweden (2016:732). This means that a previously issued authorisation may be partially or completely rescinded.
A warning does not affect the validity, scope, or content of an authorisation.

If you have any questions, or to verify information regarding eligibility, please contact the National Electrical Safety Board: 010-168 05 00.
